SALARY RANGE: \$5864 - 7078

SPECIAL TESTING INFORMATION: If you have a disability and need special testing arrangements, mark the appropriate box in Part 2 of the "Application for Examination." You will be contacted to make specific arrangements.

CROSS FILING INFORMATION: If you meet the entrance requirements for this class and for the Supervising Hazardous Substances Scientist I examination scheduled on the same day, you may file for both examinations on a single application.

THE POSITION: The Supervising Hazardous Substances Scientist II is the second supervisory level in the series. Incumbents direct and have charge of professional and technical staff in a DTSC Headquarters or regional program unit. Typically, positions at this level directly supervise 10 or more primarily professional staff including lower level Hazardous Substances Scientists, other scientific disciplines and lower level engineers or engineering geologists. Supervising Hazardous Substances Scientists I may be supervised by this level as the needs of the Department warrant. This level places major emphasis on the performance of supervisory and management activities such as staff recruitment, development, and performance evaluation; program budgeting and strategic planning. Position(s) exist with the Department of Toxic Substances Control.

REQUIREMENTS FOR ADMITTANCE TO THE EXAMINATION: It is your responsibility to make sure you meet the education and/or experience requirements stated below.

NOTE: Applicants must meet the education and/or experience for this examination by the final filing date. All applications/resumes must include [to] and [from] dates (month/day/year), time base, and civil service class titles. Applications received without this information will be rejected. Applications/resumes must contain the following information on all related college courses completed: title, semester or quarter credits, name of institution, and completion dates. Accepted applicants are required to bring either a photo identification card or two forms of signed identification to each phase of the examination. Qualifying experience may be combined on a proportionate basis if the requirements stated below include more than one pattern and are distinguished as "Either" I, "or" II, "or" III, etc. For example, candidates possessing qualifying experience amounting to 50 percent of the required time of Pattern I, and additional experience amounting to 50 percent of the required time of Pattern II, may be admitted to an examination meeting 100 percent of the overall experience requirement.

MINIMUM QUALIFICATIONS - EDUCATION: Equivalent to graduation from an accredited college or university approved by the California Superintendent of Public Instruction under the provisions of California Education Code Section 94310 with major work (60 units or more) in environmental, biological, chemical, physical, or soil science; environmental or public health; or a directly related scientific field. (Additional qualifying experience in hazardous materials management

regulation, analysis, or research; environmental research, monitoring, surveillance or enforcement; or resource recovery may be substituted for the required education on a year-for-year basis up to a maximum of two years. When substituting experience for education, qualifying education must include a minimum of 60 semester units in the science subjects noted above from an accredited college or equivalent units from an institution approved by the California Superintendent of Public Instruction under the provisions of California Education Code Section 94310.) (Possession of a master's degree in the areas specified above may be substituted for one year of the general experience requirement. Possession of doctorate in the areas specified above may be substituted for two years of the general experience requirement.)

EITHER I: Two years of experience in California state service performing hazardous substances management duties at level of responsibility not less than that of Supervising Hazardous Substances Scientist I.

OR II: Three years of experience in California state service performing hazardous substances management duties at a level of responsibility not less than that of Senior Hazardous Substance Scientist.

OR III: EXPERIENCE - Five years of broad and extensive experience in increasingly responsible professional positions in hazardous substances management, regulation, analysis or research; environmental research, monitoring, surveillance or enforcement; or resource recovery. At least two years of the required experience must have been in a supervisory or management capacity at a level of responsibility equivalent to a Supervising Hazardous Substances Scientist I and must have included responsibility for the following substantial participation in development or implementation of environmental health or hazardous substance control research, monitoring or surveillance and enforcement policies or programs, or coordinating the work of a multi disciplined environmental or hazardous material permitting, site cleanup or investigative staff.

ELIGIBLE LIST INFORMATION: A single, Department of Toxic Substances Control multi-departmental promotional eligible list will be established for the participating departments. The list will be abolished 12 months after establishment unless the needs of the service and condition of the list warrants a change in this period.

GENERAL INFORMATION

It is the candidates responsibility to contact the Department of Toxic Substances Control at (916) 323-2679/CALNET 8-473-2679, three days prior to the written test date if he/she has not received his/her notice.

For an examination without a written feature it is the candidate's responsibility to contact the NA three weeks after the final filing date if he/she has not received a progress notice.

If a candidate's notice of oral interview or performance test fails to reach him/her prior to the day of the interview due to a verified postal error, he/she will be rescheduled upon written request.

Applications are available at State Personnel Board offices and local office of the Employment Development Department. **If you meet the requirements** stated on the reverse, you may take this examination which is competitive. Possession of the entrance requirement does not assure a place on the eligible list. Your performance in the examination described on the other side of this bulletin will be compared with the performance of the others who take this test, and all candidates who pass will be ranked according to their scores.

The State Personnel Board reserves the right to revise the examination plan to better meet the needs of the service if the circumstances under which this examination was planned change. Such revision will be in accordance with civil service law and rules and all competitors will be notified.

Examination Locations: When a written test is part of the examination, it will be given in such places in California as the number of candidates and conditions warrant. Ordinarily, oral interviews are scheduled in Sacramento, Berkeley, Cypress, and Glendale. However, locations of interviews may be limited or extended as conditions warrant.

Eligible Lists: Eligible lists established by competitive examination, regardless of date, must be used in the following order: 1) subdivisional promotional, 2) departmental promotional, 3) multi departmental promotional, 4) SERVICE WIDE promotional, 5) departmental open, 6) open. When there are two lists of the same kind, the older must be used first. Eligible lists will expire in from one to four years unless otherwise stated on this bulletin.

Promotional Examinations Only: Competition is limited to employees who have a permanent civil service appointment. Under certain circumstances other employees may be allowed to compete under provisions of Rules 234, 235, and 235.2. State Personnel Board Rules 233, 234, 235, 235.2 and 237 contain provisions regarding civil service status and eligibility for promotional examinations. These rules may be reviewed at departmental personnel offices or at the Information Counter of State Personnel Board offices.

General Qualifications: Candidates must possess essential personal qualifications including integrity, initiative, dependability, good judgment, and ability to work cooperatively with others; and a state of health consistent with the ability to perform the assigned duties of the class. A medical examination may be required. In open examinations, investigation may be made of employment records and personal history and fingerprinting may be required.

Interview Scope: If an interview is conducted, in addition to the scope described on the other side of this bulletin, the panel will consider education experience, personal development, personal traits, and fitness. In appraising experience, more weight will be given to the breadth and recency of pertinent experience and evidence of the candidate's ability to accept and fulfill increasing responsibilities than to the length of his/her experience. Evaluation of candidate's personal development will include consideration of his/her recognition of his/her own training needs; his/her plans for self-development; and the progress he/she has made in his/her efforts toward self-development.

High School Equivalence: Equivalence to completion of the 12th grade may be demonstrated in any one of the following ways: 1) passing the General Educational Development (GED) Test; 2) completion of 12 semester units of college-level work; 3) certification from the State Department of Education, a local school board, or high school authorities that the candidate is considered to have education equivalent to graduation from high school; or 4) for clerical and accounting classes, substitution of business college work in place of high school on a year-for-year basis.
